

Mehraveh Goharshadi

PROFESSIONAL SUMMARY

I have completed professional courses in Python programming, Data Analysis, Machine Learning, Computer Vision, and Deep Learning at Tehran institute of technology and earned the corresponding certifications.

I am passionate about exploring and analyzing numerical, visual, and textual data, with a particular interest in Data Science, Machine Learning, and Artificial Intelligence. Currently, I am expanding my skills in Natural Language Processing (NLP).

Fluent in English, I am especially excited about combining language and AI to develop innovative data-driven solutions, and I am eager to grow and contribute in this field.

EDUCATION

Bachelor Degree in English Literature
Kharazmi University
2020-2023

Certificates related to Data Science
Tehran Institute of Technology
2023-2026

CORE SKILLS

Problem Solving,
Algorithms and Programming,
Python,
Data Analysis,
Machine Learning,
Computer Vision,
Deep Learning,
Natural Language Processing

LANGUAGES

English – Advanced
Italian – Beginner
